Protect your business .

No business is alike. With that in mind we make sure to look at the intricacies of yours to build a policy that suits its unique requirements.

What type of business are you in?

- Corporations
- Motor Traders
- Contractors
- Tradesmen
- Guest Houses and B&Bs
- Hairdressers
- Shops and Offices
- Pubs, Clubs and Bars
- Cleaners
- Landlords
- Restaurants and Cafés
- Charities

If your business isn't listed above, don't worry; we should still be able to help. Just **call us** on **0800 689 1370**.

Shape your cover.

Our goal is to ensure you know exactly what you're getting when you take out your insurance. Most policies come with a range of standard features which are included for all policyholders, but they also have the option for you to include a wide array of optional features. These are what will make your policy truly unique to your business.

While some optional features will benefit your business, not all of them will apply. Your dedicated point of contact at Prospero will discuss these with you, providing you with 100% unbiased, honest advice.

Optional policy features include:

Cyber

Protects your business in the event of a cyberattack, including data breach and ransomware.

Directors and Officers

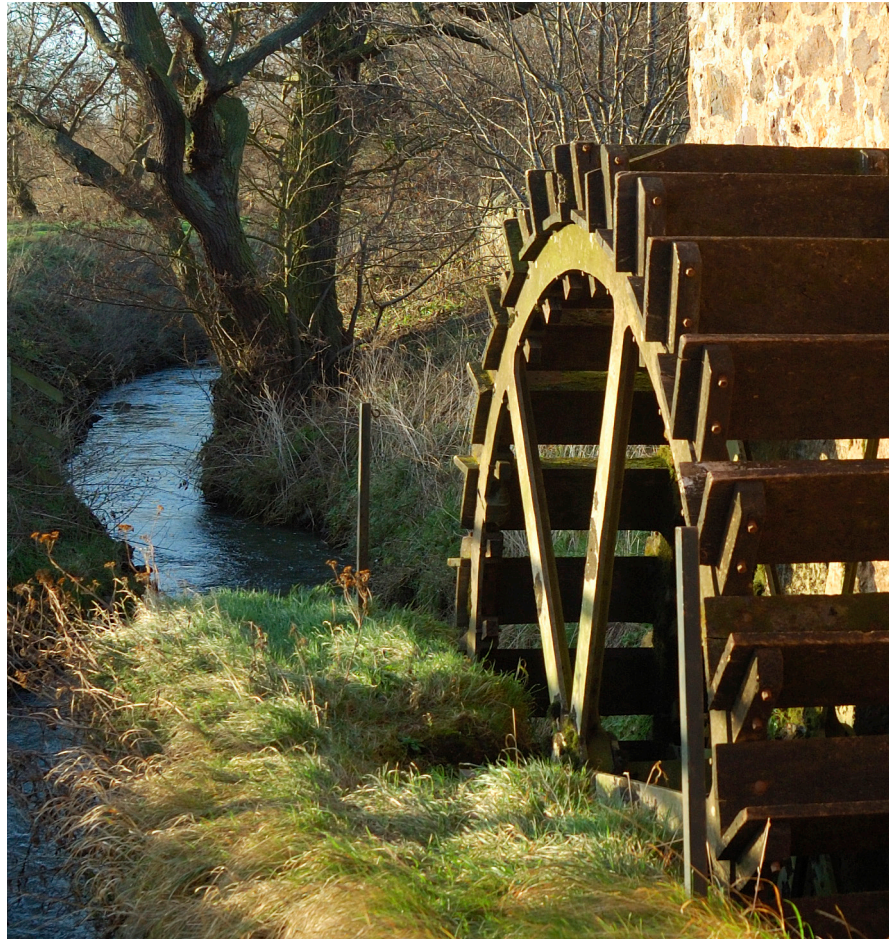

Safeguards your senior staff and management in the event of a targeted liability claim.

Professional Indemnity

Covers professionals offering consultancy or advice for legal fees resulting from liability claims.

Goods in Transit

Protects your stock, equipment and tools while they're being transported on the road.

The Prospero Pledge.

At Prospero, we want to give something back by providing insurance careers for school leavers in a supportive and encouraging environment. By being a client of Prospero, you are helping to provide opportunities that might not have otherwise been available.

How it works

As we grow, instead of bringing in experienced staff or using recruitment agencies, we form relationships with local schools and colleges to guarantee interviews for individuals who don't necessarily want to go down the university route.

Ongoing support and training

Internal and external insurance training will be provided to allow employees to flourish in their role and be the best individual they can be.

Professional qualifications

As an alternative to a university degree, funding and support will be available for trainees to embark upon Chartered Insurance Institute qualifications, all the way up to Associate level.

“At Prospero, we believe in providing a personal service to ensure we truly understand your needs”
